New STBC Group on Yahoo!

The club has recently created a Yahoo! group appropriately named "SouthernTierBicycleClub". The group enables the club list server so that club members can communicate ride announcements, ride cancellations, advice on biking matters, and anything else that would be of general interest to STBC club members. Club members can join to contribute to the conversation or just listen in.

In addition to the list server function, the site contains sections for posting photos, comments on camping site reviews, the ride calendar, and more.

HOW TO LEAD A RIDE

The STBC is looking for ride leaders for future club rides. All a ride leader is required to do is:

1. Pick out a route, and scout it out ahead of time.
2. Know the level of difficulty based on the ride grading so we can provide correct rating
3. Have a starting point and time
4. Get parking permission for your meeting place
5. Find a sub if you cannot lead your scheduled ride
6. Show up at least 15 minutes ahead of time.
7. Get rider signatures on waiver of liability form, and review the safety checklist with all riders. The form is available on-line at <http://www.southerntierbicycleclub.org/rideschedule/ridesignupform.html>
8. Once you've completed the ride, return the form to the STBC address.

LOOKING FOR NEW RIDE LEADERS

If interested in leading a ride, please contact Don Gillespie at 748-7635 or at bikes325@cs.com.

ATTENTION

Participation in all STBC activities is at your own risk. The club cannot take any liability for personal injury or loss of property occurring during these activities. Due to the inherent dangers of riding on the highways, STBC requires the use of a CPSC, ASTM, ANSI, or Snell approved helmet and the observance of all traffic laws.

RECOMMENDED EQUIPMENT:

ID, water bottles, spare tube, patch kit, pump, basic tools, food, spending money, appropriate clothing, sunglasses, and sunscreen and don't forget your helmet. Cell phones and walkie-talkies can also help to improve communications during the ride.

RIDE CATEGORIES / SPEED & TERRAIN

Speed rating (pace on level ground):

AA: Over 22 mph

A: 19-22 mph Advanced pace with few stops.

B: 16-19 mph Vigorous pace with occasional stops.

C: 13-16 mph Steady pace, rest stops every hour.

D: 10-13 mph Sightseeing pace, semi-frequent stops at key points to wait for riders.

E: Under 10 mph Relaxed pace, frequent stops to wait for everyone.

MBR: Mountain Bike Ride

STOP AND SMELL THE FLOWERS RIDES

On Sunday afternoons, Joan Hebb will lead rides designed for new, recovering and/or occasional riders. These rides will be at a D/E pace on generally flat/rolling terrain and start out less than 12 miles. If you're a "gentle" rider for whatever reason, dig out the bike and come on out! Call Joan (729-9352) for more information. Check the ride schedules and pick the rides that suit your preferences.

This summer, Anne Marie Ruspantini is also leading several short rides around the Binghamton neighborhoods. Check the schedule for those rides as well.

**EVERY SUNDAY MORNING
BREAKFAST RIDE**

We meet at 8 a.m. at the Park Diner on Conklin Avenue for breakfast overlooking the Rockbottom Dam; Rain/Shine/Warm/Cold. Arrive by bicycle, foot or other. After breakfast riding varies, but often includes a back roads ride to the Broome Industrial Park, returning via a variety of optional routes, including but not limited to NY 7, NY11 or the route taken out. On occasion we might do the streets of Binghamton to Dickinson and Otsiningo Park bike paths. Participant determined.

**WHEELS TO MEALS -
MIDWEEK, MIDDAY RIDES**

Recently retired or otherwise free for the summer and looking for some midweek bicycling adventures? Then you should know about "Wheels to Meals". This group offers a great selection of midday rides on Tuesdays and Thursdays. We ride to lunch, and on occasion to picnic and/or swim. As you might surmise, our pace is modest, the company is lively, the scenery can be sublime and even hills can't deter.

The particulars of each ride - where and when to meet, destination, distance and difficulty - are announced via e-mail rather than through the club newsletter. If you haven't already signed up at the Yahoo Group Site for STBC please do so. You'll see the details for each ride announced a few days prior to the event - <http://sports.groups.yahoo.com/group/SouthernTierBicycleClub/> You must be an STBC member for this. Also, send a note to plainj@ieee.org and I'll add you to the "Wheels to Meals" e-mail list, which is used for special events and weather cancellations!

Still uncertain? Here is a recap from previous rides. Typical rides are between 15 and 40 miles, with the shorter rides more frequent early in the season. Some rides have an alternate start to provide shorter rides for some. Last year the average ride of all riders was just over 28 miles round trip. We always ride to lunch. One highlight in previous years has been a ride with picnic and swim following. That's coming again on Tuesday July 1st! If you still have any questions, contact me at plainj@ieee.org

For great cycling fun - Meals to Wheels. See you on the road!

Jay K.

**MONDAY EVENING RIDE SERIES**

"In search of recumbent legs"

Join Regina Losinger on Monday evenings at 5:30 as she searches for "recumbent legs" on a 20 to 25 mile C pace ride. Regina is new to recumbent riding and is working on developing the muscles needed to ride one well. As the summer progresses and her muscles develop, the rides will get hillier and perhaps a bit faster. Regina promises test recumbent rides to anyone who wants to give it a try, and she plans to "lead the rides from the rear, as usual!" This ride is often topped off with a stop for snacks and refreshments.

**TUESDAY & WEDNESDAY
EVENING RIDES**

Middle of the week riders can participate in a varied set of Tuesday and Wednesday evening rides this summer. Nancy MacNeill will be leading Tuesday evening rides from Vestal and Endicott. All her rides are all different, so you will get to see new territory each time. In July Don Robertson will be leading Wednesday rides from Binghamton's Sandy Beach Park. Check the ride schedule now so you can participate in these mid-summer evening rides.

**THOUSAND ISLANDS RIDE WEEKEND**

Friday, August 29th – September 1st, 2008
Spend Labor Day Weekend in Cape Vincent, NY.

There will be a variety of rides in the area around Chaumont, Point Salubrious, Sackets Harbor, Clayton, Wolfe Island, Kingston, Ontario, Gananoque, and more. Ride distances range from 25-60 or more.

Karen Koscianski is taking reservations for the stay at American Youth Hostel at Tibbetts Point Lighthouse. The cost of a bed in the hostel is \$15.00 per night. She can also provide other suggestions for places to stay that weekend.

For Information: Call or e mail Karen Koscianski 786-5619, kkoscianski@stny.rr.com.

ADOPT A BIKE PROGRAM

The Endicott Boy's and Girl's Club "Adopt a Bike" program offers bicycles to people who will use and take care of them. The price is right, zero dollars. Recipients do not need to be members of the Boy's and Girl's Club and a full range of styles and sizes is available, but sometimes may have to wait or compromise. Potential bike adopters can sign up at the club front desk giving name, age of person using the bike and a brief description of the kind of bike needed. The program will try to match the requirements and call when it's ready.

For more information: Endicott Boy's and Girl's club, One Clubhouse road, by the UE high school. 754-0225.

P.S. The program accepts unwanted bikes looking for a new home or for spare parts. People willing to help fix up damaged bikes are needed too and may leave names and phone numbers with the club desk. (Be ready to supply your own tools as ours may not meet your demands.)
